

Let us sing

Different Families

Families are different.
How many are there in a family?
Two or four,
Five or six or more?
I have a family
You have a family
We all have families
But families can be different.

Listen and repeat

My family helps me.
My family loves me.
My family takes care of me.
My family keeps me safe.

Circle time- Let us talk

Encourage children to talk about their family and what they do together at home. In conversation, introduce the vocabulary for relationships: mother, father, grandpa etc., and ask their names.
