Mind math

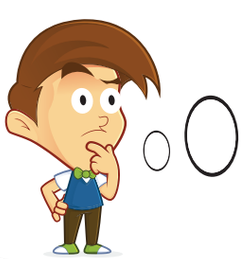

Fill in the boxes to get 3.

Mind math (Oral)

1. Pari bought 7 bananas. His brother ate 2 of them. How many bananas are left with Pari?
2. Mani bought 6 eggs. 3 of them were broken. How many eggs are left?
3. Thendral is 8 years old. Her sister Nila is 2 years younger than her. How old is Nila?

Think like a mathematician

How can I fill these boxes using the numbers 8, 5, 3?

□ – □ = □
