Write "M" for the morning and "E" for the evening activities.

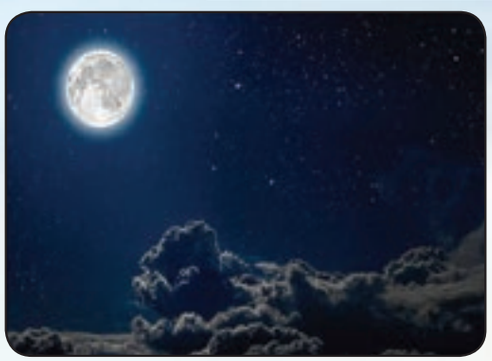

Night

Mother: "It is a lovely cool night. Let us have our dinner outside in the moonlight."

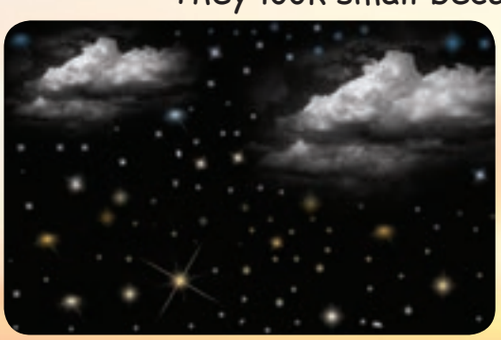

Vocabulary

moon, star, cool, night

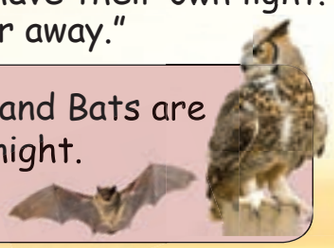

Kannan: "Why is the moon not as bright as the Sun?"
Kanmani: "I know why. The moon has no light of its own unlike the Sun. It gets it's light from the Sun."

Kannan: "I'll tell you about the stars. See, there are **so many stars in the sky**. The stars shine at night. They have their own light. They look small because they are very far away."

DO YOU KNOW?

The Owls and Bats are active at night.

Mother: "Come, it's getting late. Let us go to bed. Early to bed and early to rise is a good habit."
